Two House Members to Offer Measures Tomorrow to Bar Hood and Force Filing of Roster.

IMPRISONMENT PENALTY URGED

Klansmen Said to Have Threatened Reprisals if Peters, Floor Leader, Pre- sents His Proposal.

By the Jefferson City Correspondent of the Post-Dispatch.
JEFFERSON CITY, Feb. 2.—
Two measures unmasking the Ku Klux Klan in Missouri and compelling the hooded organization to file with the Secretary of State every three months a complete list of its members, both in good standing and dropped for any cause, will be introduced in the House tomorrow by Representatives John G. Speil-

This legislation is expected to provoke a hot fight in the House as known klansmen have been keeping a close watch on the Legislature for any measures affecting the klan in Missouri. They have explained that this surveillance of

Reprisals Are Threatened.
Peters of Jefferson City was elected on an antiklan platform although the klan issue was not raised when he was slated for Republican floor leader in the

caucus of the Republican majority. Klan forces have threatened reprisals to depose Peters as floor leader, if he introduces his anti-Klan bill, indicating they have sufficient strength to accomplish this.

Several conferences were held last week in the local meeting place of the Klan near the State Capitol, at which pending legislation was

discussed. Spellman's bill would make it a felony punishable by a prison sentence of two to five years for any person to "put on a robe, hood, mask or other paraphernalia for the purpose of concealing their identity." The bill makes an exception of hoods or masks worn

Affects All Secret Societies.
The bill by Peters would compel all secret organizations to file quarterly with the Secretary of State a list of all members in Missouri, whether in good standing, suspended or dropped for any cause.

It is known that under the klan oath and ritual, a klanman automatically is dropped from membership temporarily when called as a witness in a trial or subjected to inquiry as to his klan membership.

could not compel the klan in Missouri to publish or file a list of its members. An officer of the local klan stated that if such legislation was enacted, the charters of all the klans in Missouri immediately would be suspended and the memberships transferred to the "Imper-

la! Klan" at Atlanta, Ga. The klan would then function as before, it was said, but without local chapters and would not be subject to a law requiring membership rosters to be filed with the State.

CITY BLONDS ARE DYING OUT
Dark Peoples Are Declared to Be
Best Adapted to Urban
Conditions.
By the Associated Press.
LONDON, Feb. 2.—Words that

may distress those who expound the theory of Nordic superiority were written last week by N. J. Perry, a British authority on cultural anthropology. In the great urban centers such as London he has found that the tall blond peoples are dying out and that the race is not so much to the strong

as to those who are short, dark-haired and brown-eyed.

The Nordic blond gets along all right in the country, he said, but the dark peoples thrive and multiply best in the city. They cope better with urban conditions. If this thing keeps on and England continues to become more and more

continues to become more and more urban, Perry seems to think that Alpine and Mediterranean folk will predominate in Britain as they did centuries ago.

PIANIST FOUND

Ethel Leginska Remembered
Nothing Since Her Dis-
appearance a Week Ago.

By Leased Wire From the New York Bureau of the Post-Dispatch
NEW YORK, Feb. 2.—Miss Ethel Leginska, the English pianist who vanished from the sight of those who knew her just before she was to play at Carnegie Hall last Monday, has been found according to the police, but whereabouts were kept secret last night, with the explanation that she is suffering from a nervous breakdown so severe that she remembers nothing from the time she left her home to go to the concert until she reached a friend's home.

Capt. John Ayres, head of the Police Department's Missing Persons Bureau, was advised last Saturday night that Miss Leginska was safe. Yesterday he notified Miss Lucille Oliver, her secretary and companion.

With the following statement he then served notice that the case is closed, so far as the police are concerned.

"Ethel Leginska was located last evening at a point outside the city of New York and is now with friends. Her disappearance appears to have been the direct result of a nervous breakdown brought on by continued worry. She appears to have no recollection of what occurred from the moment Miss Oliver left her to go in the taxi cab last Monday until she found herself with friends."

Wages Cut 10 Per Cent, 1000 Qu
UTICA, N. Y., Feb. 2.—The latter part of the forces of textile operators in the Mohawk valley and Utica steam cotton companies in this city walked out today in protest against a 10 per cent wage reduction. It was estimated that 1000 workers are on strike.

GREENHOUSE FLOODED WHEN

AUTO BREAKS FIRE PLUG

Plant of William Vierling Damaged as Result of Car Driven by Woman Skidding.

The presence of a fire plug in front of a greenhouse may be suggested as a good idea, but when, as occurred yesterday, the plug is knocked off by a skidding automobile the consequences are likely to be serious.

Mrs. Elsie Stutman, 28 years old, 3228 Alcott avenue, attempted to turn her Buick touring car in Genesee street, near the intersection of the street with the alleyway, when the car skidded, rolling over a fire plug in front of the greenhouse, operated by William Vierling, at 5574 West Florissant avenue. The released water poured into the greenhouse, extinguishing the fire in a newly installed heating plant.

Employees of the city water department shut off the water. The greenhouse proprietor expressed fear that if he could not get the heating plant started again he would suffer a heavy loss. Mrs. Stutman was taken to the Baden hospital and released under bond to answer to a charge of careless driving.

CAUSED EXPLOSION

IN DYING PLANT

Building and Machinery of the Universal Company Wrecked—Damage Placed at About \$7000.

WAS USED JOINTLY BY FOUR FIRMS

An Official of One of These Concerns Tells of Letters Threatening Its Destruction.

An explosion, believed to have resulted from a bomb planted in the plant, wrecked the plant of the Universal Cleaning and Dyeing Co. in the rear of 2922-24 North Union boulevard, at 9:40 p.m. last night, causing damage of approximately \$7000 to machinery and other equipment, and to the one-story brick building.

The plant, which is used jointly by a cleaning laboratory for four cleaning and dyeing concerns, had been in operation only a month and, according to reports reaching the police, had been threatened with destruction. An official of one of the members firms said he had received several anonymous messages before the opening of the plant, predicting that the new laboratory would not "turn a wheel" and that if it did "the same thing will happen that happened in Chicago."

Opposition to the Enterprise.

The member concerns, before the establishment of the plant, placed the plant under the name of the Universal Cleaning and Dyeing Co., occupying quarters at 2924 North Union, in front of the laboratory, at 2700 North Vandeventer street, the Police Chief said.

Three attractive young women of Italian parentage, between the ages of 16 and 22, wearing their best evening frocks, competed for the honor of being chosen Queen of Love and Beauty.

Artists chose the winners, in the presence of an interested crowd of spectators, at Trimp's Hall, 4460 Delmar boulevard.

She who finally was chosen Queen is Miss Sara Rao. A silver loving cup was awarded her. Six other young women—runners-up, as it were—were chosen as maids of honor. They are Misses Rose Musatto, Madeline Brizolane, Eleonora Sarli, Caterina Maltoni, Elvira Grandinetti and Teresa Cantarini.

The first annual ball and contest of the society was held on Feb. 24, 1924, and then Miss Lena Foglia was chosen Queen for a year, from among more than 70 competitors.

Queen of Beauty. With Maids of Honor, Chosen at Italian Ball

Above: Miss Sara Rao, the Queen of Love and Beauty, to the center, holding the loving cup awarded her; left, Miss Eleonora Sarli, right, Miss Caterina Maltoni, two of the maids of honor. Below: The other maids of honor, left to right, Misses Rose Musatto, Madeline Brizolane, Elvira Grandinetti and Teresa Cantarini.

OR the second year the Silvio Pellico Club, of St. Louis chapter of the Dante Alighieri Society, held a "grand ball and Italian beauty contest" last night. The contest was the thing. Thirty-three attractive young women of Italian parentage, between the ages of 16 and 22, wearing their best evening frocks, competed for the honor of being chosen Queen of Love and Beauty.

Artists chose the winners, in the presence of an interested crowd of spectators, at Trimp's Hall, 4460 Delmar boulevard.

She who finally was chosen Queen is Miss Sara Rao. A silver loving cup was awarded her. Six other young women—runners-up, as it were—were chosen as maids of honor. They are Misses Rose Musatto, Madeline Brizolane, Eleonora Sarli, Caterina Maltoni, Elvira Grandinetti and Teresa Cantarini.

DRIVER HELD TO JURY IN DEATH OF WOMAN BY AUTO

Verdict of Criminal Carelessness Returned in Case of Miss Lydia Engelmann.

WAS ON WAY TO
CHURCH WHEN HIT

Victim Had Been Connected
With Public Schools for
22 Years—Funeral Ser-
vices Tomorrow.

WOMAN TEACHER WHO WAS KILLED BY AUTO

MISS LYDIA C. ENGELMANN.

public schools, was returned at the inquest today.

The driver, Clarence C. Niehaus, 25, 4255 San Francisco avenue, a newspaper advertising solicitor, was held for the grand jury in \$10,000 bond. Miss Engelmann died in a hospital just 24 hours after being struck by the automobile while on her way from her home at 3217A Barrett street to church services.

Her death occurred at 8 p. m. Saturday, at Christian Hospital, where she was taken after being injured at about the same time Friday evening. She was on the way to the Bethel Evangelical Church, Greer and Garrison avenues, and endeavored to cross Palm street, from the north to the south side, at Garrison avenue.

Niehaus halted his car and took her to the hospital. At first it appeared she had suffered only a laceration over the left eye and a bruise at the back of the head, but the latter injury proved to be a fracture at the base of the skull.

Companion Testifies. Niehaus did not take the witness stand. The only material witness was his companion, Miss Rose Rudolph, 26, of 2128 St. Louis avenue. She testified that, while looking ahead, they approached the corner, she never saw the teacher, but felt an impact when the car struck an object on the left, or driver's side, and swerved.

Miss Engelmann was 45 years old, and for the past 16 years was a teacher at Clay School. She lived with her sister, Miss Ida Engelmann. The body will remain at the residence until 1 p. m. tomorrow and then will be taken to Bethel Church for the funeral services at 2 p. m. Interment will be in St. Peter's Cemetery.

Man Killed When Auto Goes in Ditch on East Side Road.

A motor cycle skidded on the Alton-Granite City hard road, 10 miles north of Granite City, during the light rain yesterday afternoon, and crashed into a wooden guard rail, pitching two Wood River men into a ditch. The passenger, Harold Christy, 30 years old, was killed while the driver, Ray McGarragh, 28, is in critical condition at a Granite City hospital today.

Witnesses said the machine was moving south at a moderate speed over the wet road when McGarragh apparently speeded up to go over a hill on which the road curves. At the curve the motor cycle went straight ahead, crashing into the guard rail with such force that the rail was broken and the posts uprooted. Passing motorists carried the two men from the ditch.

Christy, who had suffered fractures of the neck and skull, died in an automobile on the way to Granite City. McGarragh was taken unconscious to St. Elizabeth's Hospital, where his injuries were diagnosed as skull fracture, internal injuries and a fracture of the arm. Christy is survived by his widow and one child. He was employed in a Wood River refinery. McGarragh and one child. He was employed in the International Shoe Co. refinery at Wood River.

Woman Hurt Seriously by Auto, Driver Feloniously Flees.

Mrs. Mary Van Dyke, about 50 years old, of 5296 Wells avenue, suffered a fractured skull and internal injuries when run down by an automobile at Arlington and Easton avenues about 8:30 o'clock last night. The driver, feloniously fleeing from the scene of an accident, increased the speed of the machine and escaped.

The injured woman's screams were heard by Mr. and Mrs. Richard Knight of 5514A Wells avenue, who were walking along the street a short distance away. They carried her into a drug store, from where she was sent to the city hospital.

Mrs. Van Dyke has remained unconscious since the accident and her identity was not learned until shortly before noon today when her husband, Frank, visited the hospital and asked to see the injured woman. He said she was his wife. Physicians said there was slight chance for her recovery.

Mr. and Mrs. Knight could furnish the police only a meager description of the car, which they said disappeared south in Arlington avenue.

Simon McMahon, 41, 1643 East Clark place, and his wife, Mrs. Kate McMahon, 38, were driving north on Kingshighway, about 5:30 p. m., when, at Potomac street, the husband applied the brakes and the car skidded on the slippery streets

into the curb. A truck, driven by Ray Ditting, 2396 Lafayette avenue, was following immediately behind. Ditting attempted to brake his truck, which also skidded and crashed into the automobile. Mrs. McMahon, when taken home, was found to have suffered fractured ribs and internal injuries.

Man, 73, Badly Hurt by Auto.

Michael Nooney, 73, of 3865 Cook avenue, suffered a fractured skull and fractured left arm, when struck by an automobile at Page boulevard and Spring avenue, about 5:30 p. m. The driver, Nick

Ippaleto, of 6204 Delmar boulevard, said Nooney stepped in front of his car, as he was almost on top of him.

About 9:30 p. m. Mounted Policemen Harry Steiner, Henry Kling and Clarence Fisher, were proceeding single file on horseback south in Union boulevard, when between Cabanne and Kensington avenues, they were run down by a Government mail truck, operated by Charles Craig, 5819A North Market street. Both Steiner and his mount were knocked to the street and Kling was knocked off

his horse. The two were treated at city hospital for cuts and bruises. The driver of the truck said he did not observe the horsemen until a moment before the crash.

February Shoe Sale

Features Advance Spring Fashions in Footwear of
Quality—at Extreme Savings

\$5.95 \$7.45 \$8.95 \$10.95

IN addition to the attraction of special prices, this sale holds unusual interest because it reveals the new Footwear fashions for Spring. Every new tendency is reflected, in styles for every occasion. St. Louis women have learned to look forward to this event as a most fortunate time for purchasing—and the wide selection of styles, and quality of the Shoes, and the extremely low prices make this year's sale of surpassing importance. We urge our customers to anticipate their Spring needs while these savings are available.

Bow ties, pumps and tailored styles of every kind appear in the smartest materials—patent leather, black satin, tan calf, blonde satin and combinations of patent and alligator, patent and kid, etc. Each of the sale groups makes a convincing style and value appeal.

She Shouldn't Wash!

"I don't see why these laundry fellows want to be telling women they're slaves if they wash their own clothes," said a man-of-the-old-forgotten-past, the other day. Women know lots of reasons why they should not slave over the wash tub. Our wet wash plan is one reason. . . . It doesn't pay to do it home with the expense of soaps, and powder and fuel and all the fuss and worry and work.

ADVERTISEMENT KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle to their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. See and Buy.

TREASURY BEGINS RETIREMENT OF \$118,000,000 IN SECURITIES

Other National Bank Notes to Be Replaced as Issues Mature in 1936, 1938 and 1940.
By the Associated Press.
WASHINGTON, Feb. 2.—The treasury today began the retirement of approximately \$118,000,000 in 4 per cent bonds of 1925, used by the national banks to secure their own note cancellation. The first actual step will be taken in a program that provides for the ultimate extinction of national bank notes and their replacement with Federal Reserve notes which, under the policy laid down by Congress, is expected to give the nation the maximum elasticity of currency.

Retirement of the \$118,000,000 in Federal securities will mean the retirement of an equal amount of national bank notes. Other national bank notes will be retired by the Government as the bonds bearing the circulation privilege mature in 1936, 1938 and 1940, unless other arrangements are made by Congress. The public was advised of the course proposed by the treasury in an announcement of the program last July. With the retirement of our bonds of 1925 there still will remain outstanding 2 per cent bonds of 1920 amounting to \$500,724,050; 3 per cent Panama Canal loan of 1918-1928, aggregating \$25,947,400, all bearing the circulation privilege.

CREATION OF SPECIAL
TRAFFIC BUREAU URGED
City Club Committee Recom-
mends That It Be Separated
From Police and Courts.

Creation of a special traffic bu-
reau, connected neither with the
police nor the courts, having as its
chief responsibility formulation
and administration of a progressive
traffic code, is advocated in a pre-
liminary report of the Traffic Sub-
committee of the Civic Affairs
Committee of the City Club.

Under the present traffic ordi-
nance, administration of that code
is by the Traffic Council, which
includes in its membership the
president of the Police Board, Di-
rector of Streets and Sewers and
chairman of the Aldermanic Legis-
lative Committee.

Other recommendations of the
report are for a comprehensive
survey to include facts and sug-
gestions on: Effect of the city's
physical structure on street con-
gestion, especially relationship of
transit lines, building heights and
land uses; means by which maxi-
mum usefulness may be obtained
from existing streets; consideration
of weaknesses of enforcement
methods and court procedure here,
in the light of experience and prac-
tices in other cities. Some of these
matters are in the province of the
City Plan Commission.

"Handling of the traffic flow" is
not unsatisfactory," the report said,
"but there is a laxity in enforce-
ment of regulations affecting the
standing vehicle. Recently, by ac-
tual count, it was found that 57 per
cent of the vehicles in 44 blocks in
the heart of the business district
occupied street space longer than
the time permitted, and 37 per cent
stayed longer than two hours in the
same spot. There were many in-
stances, also, of violation of rules
with regard to the manner of park-
ing and the occupation of restricted
space."

Similar complaint has been made
by the United Railways, officials of
which declare that parking viola-
tions hinder trolley traffic. The
police say they have not enough
men to watch this closely.

"The committee is convinced
from its investigations so far that
responsibilities of the municipality
in this important matter are not
fully understood, either by admin-
istrative officials or by the general
public," the report continued. Men-
tioning the parking violators, it
went on: "Now such conditions not
only destroy confidence in the in-
tegrity of enforcement officers, but
prevent a proper use of highly val-
uable street space. Resources of
this committee should be utilized in
an effort to correct the attitude of
the public toward downtown traf-
fic conditions and to encourage a
more general observance of traffic
rules."

of Nations officials regard as an
important development in connec-
tion with the problem of double
taxation has been revealed by Den-
mark registering with the league a

Great Britain for reciprocal ex-
emption from income tax in certain
cases of profits accruing from the
business of shipping. A special

JURY FAILS TO AGREE IN
OBJECTIONABLE MAIL TRIAL

Oklahoma Educator Accused of
Sending Letter to Teacher
to Be Retried.
By the Associated Press.
MUSKOGEE, Ok., Feb. 2.—The
Federal Court jury considering the
case of W. G. Masterson, suspended
Superintendent of Schools here,
charged with sending objectionable
matter through the mails, was dis-
charged late yesterday by Federal
Judge Williams. The jurors re-
ported they were hopelessly dead-
locked after more than 12 hours' de-
liberation.

The former school head will be
tried again at the next term of
court, District Attorney Frank Lee
declared.

Masterson was charged with
mailing an objectionable letter to
Miss Mary Addison, a school teach-
er in the McAlester (Ok.) schools,
of which Masterson was superin-
tendent last year.

The letter, alleged to have been
written by Masterson in Decem-
ber, was intercepted by E. L. Lin-
dsey, in whose home Miss Addison
was rooming, and opened by mis-
take. Lindsey brought the letter to
Muskogee, taking the same train
as Miss Addison, who said she was
coming here on a shopping tour.
She told him three times to put up
his hands.

the depot, as the letter had asked
her to.

Handwriting experts were exam-
ined who declared the handwriting
in the objectionable letter was that
of Masterson, and that the en-
velope had been addressed on his
typewriter. Masterson's defense
then offered a copy of a letter
written by Masterson, made by
Dave Harjo, a convict in the State
penitentiary on a forgery charge,
which was done in an attempt to
prove that the letter might have
been a forgery. The case was given
to the jury Saturday afternoon.

Burglars Leave Tools Behind in
Two Places and Take Mer-

Four attempts at safe robbery,
one of which was successful, were
reported over the week-end. At
the Hammill Real Estate Co., 6721
South Broadway, a safe was ham-
mered open, and \$10 in nickels and
a \$400 brooch taken.

Burglars' tools were left behind
in the offices of the St. Louis La-

Shoots Brother in Showing Trick.
SPRINGFIELD, Mo., Feb. 2.—
Roscoe Tuckness, 24 years old, a
barber, was killed Sunday after-
noon at his home here when a re-
volver in the hands of his brother,
Orville, 20 years old, was accident-
ally discharged. The men were
playing with the revolver, believing
it to be unloaded. Orville Tuckness
was showing his brother the trick
of whirling the gun around the
second finger and checking it sud-
denly in a shooting position. On
one occasion, however, the man's
finger pressed too tightly against

the trigger and the weapon was
discharged, the bullet penetrating
the heart of his brother.

CLEAN BILL FOR K K K IN SPENCER'S MAYFIELD REPORT

Senate Committee Unanimously Recommends Peddy's Contest Against Election Be Dismissed.

By CHARLES G. ROSS, Chief Washington Correspondent of the Post-Dispatch.
WASHINGTON, Feb. 2.—The Ku Klux Klan was given a clean bill of health in respect to the Texas senatorial election of 1922, in a report presented to the Senate today by Senator Spencer of Missouri, as chairman of the Committee on Privileges and Elections. All members of the committee agreed to the report, which recommended that the contest of George E. B. Peddy against the election of Senator Earle B. Mayfield (Dem.) be dismissed. The report bore the signature of Senator Spencer. In addition to being chairman of the full committee on Privileges and Elections, Spencer was the chairman of a subcommittee which held hearings on the contest last May. One of the charges brought by Peddy, who ran as an independent anti-klan candidate, was that there was a general conspiracy between the Klan and Mayfield to accomplish the latter's election. Intimidation Alleged. It was alleged that pursuant to this conspiracy, unlawful sums were spent and intimidation was used in Mayfield's behalf. Those acts were said to have been committed in defiance of a law under which the Klan, in its corporate capacity, was prohibited from contributing to or interfering with elections. On this point the Spencer report said: "The evidence does not, in the opinion of your committee, show that excessive and unlawful amounts of money were spent, and certainly not with the knowledge or consent of Senator Mayfield, nor do they find from the evidence that there was any such lawlessness or conspiracy in connection with the Klan or Mayfield or otherwise as would in their judgment warrant the sustaining of the contest." "The evidence does show that there were acts tending to intimidate voters in different parts of Texas. Such acts were in connection with the primary election and had most to do with local offices, and had little, if anything, to do with the election of a Senator. Absolves Mayfield. "Undoubtedly there were, particularly in the primary election, and in the general election as well, acts of omission and commission in violation of express statutes, and some of them doubtless were intended to unlawfully produce a desired result in the election, but the evidence, from the beginning to the end of it, does not show either a knowledge or a consent of Senator Mayfield in these matters, nor are they of a character or extent which in the judgment of your committee warrants either the sustaining of the contest or the protest against the seating of Senator Mayfield." Report Titled "Dishonest." The committee report was characterized as "wholly dishonest" by Scott Woodward, one of Peddy's counsel. "From a casual examination of report," said Woodward, "it seems that the committee has practically admitted the allegations, contained in the petition of the contestant. Although it has been proven that there were wholesale violations of the Texas laws and that the Ku Klux Klan had entered into an unlawful conspiracy with Mayfield to effect his election it does not improve the members of this committee as being of such importance that it would justify them in pulling down the banner of the K. K. K., which that organization, through Mayfield, has planted on the floor of the United States Senate." "At a later and early date I expect to make a more complete statement and I want to express the hope that members of the Senate will read the evidence and briefs that have been submitted and, if so, I am sure they will be unable to find themselves in accord with the Senate Committee. The reckless speed with which the committee rushed this case to conclusion is worthy of serious public notice and should be considered by every Senator before he agrees to accept the report of the committee."

SEVEN ROBBERS GET \$8000 IN CHICAGO CAR BARN HOLDUP
Scale 12-Foot Wall of Cashier's Cage, Scoop Cash into Sacks. Escape in Auto.
By the Associated Press.
CHICAGO, Feb. 2.—Seven men obtained \$8000 in a holdup of an outlying barn of the Chicago surfaces lines early today. Three of the men appeared at the cashier's cage, inside of which four men were counting Saturday and Sunday receipts. They set upon two conductors outside, beating them with blackjacks and pistol butts. One scaled the 12-foot partition about the cage and admitted the others. Into canvas sacks they scooped all money at hand, much in pennies, nickels and dimes, and retreated to their waiting car outside. The attackers had shotguns. They escaped in an automobile.

Special to the Post-Dispatch.
NEW YORK, Feb. 2.—They were, as the expansive police Sergeant, looking up, at the packed galleries of Madison Square Garden and scratching his head, 15,000 of them. They paid 50 cents apiece, stayed four hours to listen to speeches and music commemorating the death of Nicolai Lenin, to cheer, wave red handkerchiefs and sing the "Internationale," and left, seemingly wholly satisfied, in such a quiet, orderly manner that the

200 policemen had nothing to do but look on. They were mostly young, dark-haired, laughing girls on the arms of dark-haired youths, red flowers tucked into their bobbed hair or coat lapels, red handkerchiefs peeping from pockets or the red badge of the Workers' party. Speakers from the high platform praised Lenin in similar phrases. Their motif was that of the crude painting of Lenin hung from the gallery: "Lenin is dead. Long live Leninism." They roared denunciation of capitalism, pledged

Stabbed by Neuritis!

Many people suffer attacks by this arch-fiend, commonly called "nerve inflammation." The first warning is usually a sharp stabbing pain, which may "come and go" or hurt constantly. You may feel it in the shoulder, neck, forearm, small of the back, or down the thigh and leg to the heel. It is sometimes mistaken for sciatica, rheumatism or neuralgia, which troubles often do end in neuritis. No matter where you have nerve pains or what caused them, you can get quick relief without using narcotics or poisons. Apply Tysmol over the part that hurts, and within a few minutes the pain should be gone. Tysmol is absorbed through the pores of the skin. It has a soothing, healing effect upon the diseased nerves, gradually helping to restore them to healthy condition. Don't suffer any longer. Obtain a supply of Tysmol from any good druggist—price \$1. On sale in St. Louis by Judge & Delph Drug Stores and by Wolff-Wilson Drug Co.

Honor Memory of Nunez
The Associated Press, Feb. 2.—Veterans of the Spanish-American War today dedicated a monument near Matanzas, commemorating the landing of Gen. Emilio Nunez from the tug Dauntless, in February, 1898, with ammunition and men to aid the cause of Cuban independence. The Havana delegation included President Zayas, President-elect Gerardo Machado, Ambassador Crowder, Capt. Walter Fletcher Smith, with a delegation of American veterans; Vice President-elect de la Rosa, Gen. Pedro Batacourt, head of the Cuban Veterans' Association, and the sons of Gen. Nunez.

'AFRICAN PRESIDENT'S' CONVICTION UPHeld
U. S. Appeals Court Upholds Five-Year Fraud Sentence on Marcus Garvey.
NEW YORK, Feb. 2.—The conviction of Marcus Garvey, self-styled "provisional President of the African Republic," for use of the mails to defraud, was affirmed today by the United States Circuit Court of Appeals.
Garvey was convicted in June, 1923, in connection with the sale of stock of the Black Star Line, Inc. He was sentenced to five years in Atlanta penitentiary and was fined \$1000.
The Black Star Line was organized to acquire lands in the West Indies and Africa, where a great nation was to be established for the race.
Shares Declared Worthless.—The high court's opinion summarized the indictment as declaring that the entire scheme was to persuade negroes to buy stock in the Black Star Line at \$5 a share, when the defendants knew that, notwithstanding the flimsy representations, the shares were not, and in all probability never could be, worth \$5 each or any other sum.
The persons indicted with Garvey were acquitted and Garvey himself was convicted on only one count.
In affirming the conviction, Judge Hough said:
"It may be true that Garvey fancied himself a 'Moses,' if not a Messiah, that he deemed himself a man with a message to deliver, but believed that he needed ships for the deliverance of his people; but with this assumed, it remains true that if his gospel consisted in part of exhortations to buy worthless stock, accompanied by false statements as to the worth thereof, he was guilty of a scheme or artifice to defraud."
Garvey, who is head of the Universal Negro Improvement Association, an organization with branches in various parts of the world, has organized the Black Cross Steamship Co. since his conviction. This line recently was announced, has just completed purchase of the steamship Booker T. Washington, which recently was sold to have sailed from Philadelphia to West Indian ports. At a recent mass meeting of the Universal Negro Improvement Association, Garvey said that the Booker T. Washington had been purchased with money obtained through the sale of stock in the Black Cross company, to 3600 members of his race.

Four Hunters Are Fined.
Fines of \$10 and costs each for hunting without a license were assessed against four Franklin County residents by Justice W. H. Dausmann of St. Clair, Mo., yesterday, following their arrest near that city by Deputy State Game Warden George J. Huysmann of St. Louis. The men, all of whom pleaded guilty, were Burk Jones, C. H. Baker, A. B. Stahlman and G. H. Henker.</

WORK OF "TANGLES" WINNERS ON DISPLAY

Many Ingenious Settings for
Solutions of Puzzles Are
Seen in Exhibit.

Contestants in the Post-Dis-
patch's tangled comic contest who
are awarded prizes, or only a small award,
can now see why.

On the sixth floor of the Fa-
mous-Barr store there is on display
this week the work of the four
winners of grand prizes and as
many of the 2972 others that
shared in the \$15,000 cash as can
be crowded into the exhibit.

It is an exhibition of almost un-
believable human ingenuity. Ac-
curacy and correctness were the
first conditions of the awards, but
so many of the 150,000 contestants
rated 100 per cent on these points,
that the two other conditions—
neatness of the finished solution
and skill and originality of ar-
rangement—were by far the most
important when it came to the
question of distributing prizes.

Ingenious Setting.
In the exhibit are toy theaters
with elaborate arches and stage
effects, a miniature billboard with
electric lights, lamp shades and
telephone screens bearing the cor-
rect solution of tangled comics,
embroidered pillows, quilts and
scarfs, all settings for solutions.
There are colonial dolls, china
plates and platters, artists' tables
and easels, imitation radio devices,
calendars, handkerchiefs, books,
albums and portfolios.

But the grand prize of \$1000 was
not awarded for a "stunt." It went
to Mrs. William Bauer, 120 Greeley
avenue, Webster Groves, for the
solution of Comic No. 7, mounted
on cardboard with a finish as neat
and delicate as the finest lace or
drawn work. A close inspection re-
veals that even the black line
borders are mounted with extraor-
dinary neatness and the seams are
almost invisible.

On Display All Week.
Mrs. Bauer's solution has the
place of honor in the exhibit. Be-
side it is a solution of Comic No.
12, done in somewhat the same ar-
tistic and painstaking fashion by
C. Evans, P. O. box 384, Dallas,
Tex., who won the second prize of
\$500. The "cutest" of the "many"
toy theaters won for Mrs. John F.
Link, 108 1/2 North Commerce
street, Fort Worth, the third prize
of \$200. It has a high pasteboard
proscenium, scenery in the wings,
fringed silk curtains, cases of
flowers, and a music box which
plays as the corrected pictures of
Comic No. 3 are rolled off. A mi-
niture billboard, built in work-
manlike fashion, with electric lights
to reflect the solution of Comic No.
19 is the handiwork of Miss Lenora
McDonald, 569 South Adams street,
Fort Worth, the winner of the \$100
fourth prize.

The exhibition will remain
through next Saturday in order that
St. Louis contestants may have
ample time to view it. A Post-Dis-
patch representative is constantly on
hand to point out the more novel
features of the show. Many of
the 2972 prize-winning solutions
are not being shown because of
space limitations, but the winners
of all the larger prizes in the
weekly contests and in the final
contest are represented.

PADUCAH LUMBERMAN 'ADMITS
KILLING TIE COMPANY HEAD'

Attorneys Issue Statement on Slay-
ings of Man Found Friday
in Hotel.

By the Associated Press.
PADUCAH, Ky., Feb. 2.—Attor-
neys acting in behalf of Fain W.
King, Paducah lumberman, in a
statement issued this afternoon,
admitted King fired the shot which
killed Edward D. Marshall, head of
the Marshall Tie Co., at Princeton,
Ky., in a hotel at Corinth, Miss.,
Friday night.

The statement while not directly
from the prisoner, was made with
his consent. It was stated, and King
maintains that the shot was fired
as a "necessary act of self-de-
fense." A prolonged discussion
with King preceded the statement.
King surrendered last night but
refused to comment on the death
of Marshall, whose body, with a
bullet wound in the heart, was
found Friday night. King was at
the police station only a short time,
being permitted to go to his home
under guard. A warrant for his
arrest contained no specific charge.

SINCLAIR HITS INDICTMENT

WASHINGTON, Feb. 2.—Coun-
sel for Harry F. Sinclair today at-
tacked his indictment for contempt
of the Senate growing out of the
naval oil leases at a hearing before
the District of Columbia Court of
Appeals. They contended that the
Senate has no power to compel tes-
timony or the production of docu-
ments when acting in its legisla-
tive capacity.

The power of the Senate to com-
pel testimony, it was argued, is only
in the cases of the execution of
these judicial functions committed
to the Senate by the Constitution,
namely, to punish its own members
for disorderly conduct or for the
failure to attend sessions, the de-
cision of cases of contested elec-
tions to the Senate; the determina-
tion of the qualifications of its
members and the trial of impeach-
ments.

First High School Commemorated.
COLUMBIA, Mo., Feb. 2.—The
week of Feb. 1 to Feb. 7 commemo-
rates the opening of the first
high school in Missouri, the State
Historical Society announces. The
first high school, to which entrance
was gained by passing tests, was

established in St. Louis, Feb. 7, arranged from \$750 to \$1300 a
1853. It was directed by Prof. year. In 1933 the population of
Jeremiah D. Low, A. M. He had St. Louis was 190,000, while her
three assistants whose salaries school population was only 3731.

**"MORE DELIBERATE

Declares Tariff Board
Should Take Initiative in
Assembling Information
About Import Duties.

Post-Dispatch Bureau,
29-31 Wyatt Building.

WASHINGTON, Feb. 2.—In a report to the President on shortcomings of executive departments and bureaus, the agricultural conference, of which former Gov. Carey of Wyoming is chairman, criticizes the Interstate Commerce and Tariff Commissions. It also asserts that "departmental rivalries or jealousies" interfere with Government aid to the farmer. "It is unfortunate," the report asserts, "that in more recent years the Interstate Commerce Commission has failed or has been unable to recognize its responsibility as an advocate of the shipper and has developed into a court. The methods of procedure and the practices that have been developed are constantly making it more difficult for a shipper to obtain redress."

"The cost of employing counsel and the necessary experts makes it almost impossible for the ordinary citizen to get a hearing. There are few, if any, courts where it is more expensive or difficult to obtain relief, neither is there any court more deliberate in reaching its decisions after a case is presented."

Map at Tariff Board.

The conference points out that the Tariff Commission is not functioning as its framers intended. It thinks the commission should act more promptly on agricultural matters.

"It is the conclusion of the conference that the Tariff Commission can materially assist in bringing relief to agriculture by actively functioning along lines of its constituted powers and responsibilities," the report says.

Complete separation of the regulatory and service functions of Government departments was recommended, and it was urged that uniform state plant and animal quarantine regulations be devised, and that co-operative marketing organizations be given full benefit of tax exemption.

In many instances, the commission declared, "more effective administration requires only the adoption of a more sympathetic or aggressive attitude on the part of government officials," while in others it found need for increased facilities, personnel or funds.

Duplication of Work.
Many instances of "unnecessary and unwieldy" duplication of effort in assembling information for use by departments were characterized as "thoroughly reprehensible." In many cases this duplication seems to be done deliberately, the report added, and it recommended creation of an interdepartmental agency to promote co-ordination in assembling and using Government information and data.

Discussing "interdepartmental jealousies," the commission said it realized that "personal or political influences and the desire for service status of employees who may offend in this respect present limitations to the extent to which administrative officers can remedy the ills." It suggested, however, that each new administration, in dealing with proposals for expanding the activities or influence of departments or bureaus, consider the value of the service to be rendered rather than "demands arising out of departmental rivalries or jealousies."

Debates in Congress on the act which created the Interstate Commerce Commission, the report said, clearly showed that the commission was intended to serve not only as arbitrator between shippers and railroads, but also as investigator and advocate for the shipping public in general.

The report said it was apparent that multiplication of the work in the commission and limited funds had contributed to the situation. As a remedy, it proposed that the Federal co-operative marketing board, creation of which was urged in an earlier report, investigate complaints regarding rates affecting agriculture and otherwise act as an advisory agency.

Unified Credit System.
Observing that of the 11,000 banks eligible to the Federal reserve system only 1,500 are members, the report sought "to raise the question why State banks do not become members," and "what is the development" of bank-

DRAMA

"The Chocolate Dandies" Has Trite Plot, Good Comedy and Hilarious Dancing.

By RICHARD L. STOKES.
TOWARDS the end of the first act of "The Chocolate Dandies," last night at the American, Miss Washington ex-hered his steed, "Dumb Luck," on the powerful necessity of their winning that afternoon's horse race. In reply to the owner's plaintive eloquence, the well-trained horses revolved ears and eyes in equine derision, and ended with a series of yawns which seemed about to dislocate their jaws. It was clear that the animal was not only a pretty piece of horsemanship, but a bit of a critic, too.

We had endured the not unfamiliar situation in which fortune and romance hang on the result of a horse race. There had been a musical comedy, choruses and dances, different merely in that all the performers were negroes, and in a somewhat superior finish of voice and abandon of rhythm. Soon to come were the inevitable "come-on" dances, with two men inside a framework, and finally a spectacle of horses racing on treadmills which dates back to "Ben Hur."

But affairs brightened in the second act with several amusing incidents. Miss Wins the race, and with it \$10,000. As this loss is about to bankrupt the Afro-American Bank in Bamville, Miss, the directors elect Mose president, and then work methods of finance upon him to such effect that in a few minutes his \$10,000 has come to a dime. At the same time, he is convinced that he has really earned \$1110.10.

That is also a diverting scene in which Mose takes command of the bank, fires most of the employees out of hand, and helps himself to the till. Then, as he is absconding to escape arrest, he awakens to learn it was all a dream, and that his horse had fallen asleep at the post.

Josephine Baker Stops Show.

As "Shuffle Along" is fore-ruled, the feature of "The Chocolate Dandies" is its dancing. Josephine Baker is back with her gaudy antics and held up the show with one wild and contorted measure. There are two new comedians, Lew Payton and Jimmy Ferguson, the former a quiet and drawing merrymander with some reminiscences of the style of Bert Williams, and the latter a remarkably able dancer. Ferguson's pantomime of triumph and calamity during a session of African golf is hilarious.

Noble Sissle and Eubie Blake, authors of the show, are much in evidence, the one as a race track and the other as leader of the orchestra. They appear together on the stage in a radio scene, which proves a considerable asset. Prominent among the big cast of entertainers are Lottie Gee, Elizabeth Welch, Valada Row, Freddie Robinson and Joe Smith.

There is a large and personable chorus, adept in barbarous dances and performing as is every one engaged every step. There are some rather pretentious ensembles, as to settings and costumes; although one got the idea that the production was a considerable money. The large first-night audience appeared to like the show, but the most fervent applause came from the balcony and gallery.

W E of the intelligencia and the literary may rail at the Harold Bell Wright style of literature and point out how and why Mr. Wright never could turn out a good book, but just the same every time he took his trusty typewriter in hand and dashed off a few thousand words, he was certain of just as many million readers. And well-pleased readers, too, when Mr. Wright cut loose about the wide open spaces where the men wear checked flannel shirts and the women dress in calico, he certainly had speed and curves and a hop to his fast one, if you know what we mean. It's the same way with a motion picture drama made from one of the Wright stories. Anybody who knows all about what the picture fans really want can give you a hundred different reasons why it isn't a good picture—and not one of the reasons is worth a haire for early yesterday afternoon at the Grand Central Theater, where "When a Man's a Man" is being shown, the misguided sort of a picture it wants to see, was being turned away in droves from one of the Wright stories.

Two in One.

SOME excellent trick photography features "The Top of the World" at the Missouri Theater, making it possible for Jim Kirkwood to play two roles. This, of course, has been done before, but never quite as well, for Kirkwood, in appearing as the worldest Guy Ranger and as his worth while cousin, Burke Ranger, shakes hands with himself, fights with himself and appears face to face with himself so often that one wonders how it is done. The story is woven around the love of an English girl who journeys to South Africa to marry her sweetheart, Guy, and when she finds that he has gone to the South African dogs, she ups and marries Burke and runs into a lot of trouble that makes for a good picture. Anna Q. Nilsson is the girl. Roy Mack's second Re-View, "The Vanities of 1925," is a better show than his opening bill, and a picture explanation of the religious orders he presented. It is interesting even if it does shed much light to the layman on the subject.

The picture is scarcely a knockout, but carries something of a punch in spots. Barry, as Battling Bunyan, fights his way into marriage and partnership in a garage, though he takes a lot of punishment in doing it. Chester Conklin gives a touch of comedy to the picture as a far at one of the "Battlers" exhibitions. The bill also includes two comedy film offerings and a vaudeville act of considerable merit.

BUILDING VOLUME IS STEADY

January Permits About Same As for Year Ago.

Building permits issued here for January indicate that building volume is continuing about the same as last year. Permits issued numbered 623 for structures costing an estimated total of \$3,009,710, including apartments and houses to make room for 355 families.

In January, 1924, 620 permits were issued for buildings costing \$3,481,167, the amount being large because there was a rush of applications for apartments and other buildings following the invalidation of the zoning ordinance.

great deal more of the book has been translated to the screen. The story is told in the "legitimate"—there are many who will insist that it was far from that—comedy drama and the shots of studio doublings in Hollywood convey a pretty fair idea of how pictures are made. Glenn Hunter, who created the role of Merton, who just can't find the time away from his business to make love to his wife, there is the wife who is just pining away for love, and there is the man about town who makes a specialty of that sort of thing. Lewis Stone, Florence Vidor and Lew Cody play the three parts and it is a good picture of the conventional triangle sort.

YOUNG VIOLINIST MAKES HIS DEBUT AT SYMPHONY CONCERT

John Corigliano of New York Shows Technical Skill and Musical Understanding.

With the Bruch G Minor concerto as his offering, John Corigliano, a young New York violinist, made his St. Louis debut with the Symphony Orchestra at its popular concert yesterday. An Auer pupil, he is a credit to that great teacher, for despite a squeaky and poor violin he made his instrument sing notably in the adagio.

His technical skill is unquestionable. He has an understanding of poetry and musical understanding, and these kept the show-off qualities of the Bruch concerto subservient to its beauty of content. Though tried and trusted of violinists for years, it was not as he played it, trite. His encore number was the Dvorak-Kreisler "Slavic Dance."

Max Zach's "Oriental" march opened the program in commemoration of the death of the former St. Louis conductor on Feb. 2, 1921. An interesting and melodic program included Mendelssohn's "Wed of Ophelia," with its spinning and whirling rhythms, the Glazounoff Valse de Concert in D major, and Shubert's colorful and passionate symphonic poem, "Finlandia."

It was a concert well received by the audience, and the orchestra responded with Beethoven's "Turkish March," his Minuet in G, and Saint-Saens' "The Swan" as extra numbers.—H. R. B.

PROFIT OF \$70,000 IN SIX MONTHS ON MAJESTIC HOTEL

Harry Sodini Tells of Gaining on Lease and Furnishings by Recent Sale.

Six months' operation of the Majestic Hotel, Eleventh and Pine streets, netted Harry Sodini, the owner, \$70,000 profit on the furnishings and his lease, Sodini said today in announcing the sale of the property to W. E. Bayfield, a Terre Haute hotel owner.

Sodini took possession of the Majestic Aug. 1, paying \$160,000. Yesterday he turned it over to Bayfield at a price of \$230,000 for the furnishings and the 15-year portion of the lease to run.

H. G. Lloyd, who was the first manager of the Buckingham Hotel, will manage the Majestic for Bayfield, who also owns the Majestic in Chicago and Hotel Denning in Terre Haute. The policy of the hotel is not to be changed.

Sodini formerly owned the Beers Hotel at Grand boulevard and Olive street, and hotel properties in Minneapolis and St. Paul. He recently

"just a little sore throat"
the beginning of many a serious illness - Give it continuous antiseptic treatment

THE pain and discomfort is really the least of a sore throat. The worst of it is the poisoning of the whole system by the sore throat germs.

You feel "sick all over"—and you are. And in this lowered condition anything—influenza, grippe, diphtheria, pneumonia—is likely to fasten upon you.

Unless you give it vigorous antiseptic treatment at once, you may be many weeks in throwing off the effects of "just a little sore throat."

Begin at once to fight the germs that are sending their poisons throughout your body.

Don't think that a gargle or spray night and morning is enough. To really do the work, you must make your treatment continuous.

Formamint is the only throat antiseptic of proved germicidal power with which you can do this, because it is the only one in which the antiseptic action lasts long enough and can be renewed frequently enough under any and all circumstances, really to destroy germs.

Get a bottle of Formamint from your druggist, and every half-hour

or hour all day dissolve one of the pleasant-tasting tablets in the mouth.

As it slowly dissolves, it bathes the throat tissues in one of the most powerful germicidal agents known to science, in a form which is perfectly safe.

This is the most modern, most scientific way to treat sore throat.

To prevent sore throat, to protect yourself when exposed to contagious disease—during epidemics, in crowds, in dusty streets—take a Formamint tablet about every two hours.

This steady, all-day-long treatment kills off throat germs as the occasional, or momentary action of a gargle or spray cannot do.

GANGSTERS RULED BY FEAR, ARCHBISHOP GLENNON SAYS

Applies Text "Thou Shalt Not Kill" to Auto Driver, Criminal and Suicide.
Fear rules among gangsters and gunmen, Archbishop Glennon declared in his monthly sermon at the Cathedral yesterday. The commandment, "Thou shalt not kill," was his text, and he applied it to the murderous criminal, to the reckless automobile driver, and to the suicide. He also assailed the theory and practice of birth control.

The Archbishop said that, while the psychology of gangs was a difficult problem, members of gangs were enlisted in most cases through admiration for their leaders. "There is no honor or among these people," he said. "They are simply cowardly. Once in the gang, they feel that they have to make good in the eyes of the gang. Fear rules them."

HERRIOT DECLARES PEACE IS GUIDE TO TRUE DEMOCRACY

Premier Cites Geneva Protocol as Proof of Terminations of Desire to Expand Territorially.

By the Associated Press.
PARIS, Feb. 2.—Peace was the guiding principle of true democracy, it had always been and would continue to be the inspiration of his Government, Premier Herriot said in a speech here last night. The occasion was a meeting organized by a committee which seeks to erect, through the efforts of the peoples of the various nations, a monument to peace on one of the battlefields of the World War.

Referring to the Geneva protocol, he said: "It was a source of pride for us, and I believe for the democracies we more specially represent, that France was the first to put her signature at the bottom of this document, which from now on waits but the signature of the other nations to become the signal character of peace. It can never more be said that France is a power which still meditates war. I say emphatically that we do not desire for our country either conquest, annexation or extension."

TWO BOYS HURT WHEN FUSE CAP EXPLODES

Blast Follows Lighting of Match in One of Seven Caps Found on Lot.

When Nick Valenti, 16 years old, and Benny Glabbe, 9, found seven dynamite fuse caps on a vacant lot at 1400 Blair avenue, near their homes, yesterday, there followed a discussion as to what sort of fireworks could be produced. A passy, consulted on the subject, told them the caps were "no good," whereupon Nick decided to find out for himself and thrust a lighted match into one of them.

As a result of the explosion which followed, both boys are in the city hospital in a serious condition—Nick with four fingers blown from his right hand and part of the flesh of his right leg missing. Benny suffered numerous burns on his face and body and a wound in his right side. Physicians said today that both would probably recover but that Nick might lose his leg as well as four fingers. At the hospital, Benny said he was starting to run away when the caps exploded in Nick's hands. Nick declared he thought the caps were harmless. He is the son of Peter Valenti, a car shop employee, of 1408 Blair avenue, and Benny is the son of Joseph Glabbe, 1403 Blair avenue, an iron worker.

FOUR HELD FOR ATTEMPT TO EXTORT FROM PRIEST

He Had Placed Dummy Package in Doorway in Answer to Demand for \$10,000.

By the Associated Press.
NEWARK, N. J., Feb. 2.—Four men, alleged extorters, are under police guard, one of them probably dying, after a fight with three detectives who trapped them in an attempt to get \$10,000 from a Catholic priest. One detective was wounded but his condition is not serious.

Those in custody are Salvatore Falsano, 32, who has two bullet wounds in the abdomen and one in the right hip; Michael Cortez, 42, a butcher; Frank Rizzo, 17, and Frank Amicardi, 23, all of this city. The wounded detective is Humbert Berardi.

The priest, whom the alleged blackmailers tried to victimize, the Rev. Ernest D'Aquila, of Our Lady of Mount Carmel Catholic Church, in the foreign section of the city, received two letters demanding \$10,000 on the threat of death. The priest turned over the second letter to the police, who directed him to place a dummy package in the appointed place, a doorway of a school, near the rectory of the church.

Detectives hid near the rendezvous until four men stopped at the doorway and picked up the package. Berardi rushed across the street and seized Rizzo, who struggled to escape with the package. Falsano fired on Berardi, wounding him. The other detectives rushed in, opening fire on Falsano, who fell. The fourth man escaped but was arrested at his home.

DRIVER, WHO POSED AS HERO IN HOLDUP, FREED OF CHARGES

William Greenspan, Taxicab Chauffeur, Had Been Accused of Participation of Crime.

William Greenspan, of 4228 Evans avenue, a taxicab chauffeur, who posed as a hero and received a \$50 reward for "capturing" a robber after a spectacular holdup, and who subsequently was charged with participation in the crime, was freed in Circuit Judge McElhinney's court at Clayton today when prosecuting Attorney Mueller nolle prossed a highway robbery charge. Mueller explained that the evidence was too inconclusive. The forfeiture of a \$2000 bond, ordered when Greenspan failed to appear for trial last week, was set aside.

Greenspan, it will be recalled, was arrested on the confession of his "captain" Carvel D. Meadows of 227 Stanley avenue, who last week pleaded guilty and took an eight-year prison sentence. Greenspan asserted that he was forced by Meadows to drive to Maplewood where he beat Meadows into submission after the soft drink bar of Patrick Usher at the Maplewood loop had been robbed. Greenspan's employers, the Brown Cab Co., gave him \$50.

GARDNER BELIEVES PROPOSED BUDGET OFFICE SUPERFLUOUS

Former Gov. Frederick D. Gardner, in a statement yesterday regarding Gov. Baker's proposal for a State Budget Commissioner, said that such an office would be superfluous. Gardner considers that the State Tax Commission has sufficient powers over the budget.

"The Tax Commission," he said, "is invested with power to make a budget and recommend its adoption by the Legislature. That is as far as we can go under the Constitution. Chairman Monier and his associates on the Tax Commission have laid a very thorough budget before the present Legislature. It has been seen and perused a copy of it. It goes as far as any budget system can go."

"What Missouri needs now is to place all special taxes—the State income, the inheritance and others which may be passed under the Tax Commission—so that adequate and intelligent enforcement of those laws can be had. That, I think, will solve the present revenue problem."

COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.

Who Are the Capitalists Behind the Standard Oil Company? (Indiana)

THE capital which enables the Standard Oil Company (Indiana) to function efficiently in service to the public is provided by 49,804 shareholders who have invested in the Company's Capital Stock.

These people come from all walks of life. They are bankers and wage earners, farmers, lawyers—your milkman, perhaps the laundryman—people of every type. Of these stockholders 14,773 are active employees of the Company.

Nearly all their stock holdings are small—not one owns as much as 6% of the whole. Yet, these small individual investments—which alone could achieve next to nothing—when united under the direction of capable managers, provide the capital which enables the Standard Oil Company (Indiana) to supply gasoline and oils to you and to millions of other people in ten rich and populous states.

The widow, the orphan, the merchant, the farmer, the professional and laboring man, find here a safe investment for their savings. These small sums—ineffectual alone—when combined constitute the backbone of big business.

And this is Capitalism!

Collier's Weekly, in a recent editorial, says: "Society was formerly divided into two classes: Men of Millions—the Capitalists; and Millions of Men—the Public. But the Millions of Men are rapidly being graduated into the ranks of Men of Millions. Examine the lists of stockholders of big corporations. Millions of Men now own Big Business."

Capitalism is merely the modern way of meeting the needs of our highly complex civilization. The vast scope of the oil industry requires a large investment of capital. It takes huge sums to maintain great refineries, oil depots, tank wagons, service stations and other facilities for manufacture and distribution.

The only way to attract this capital is to encourage small investors to buy shares in the business, by showing them that such investment is safe and profitable. This, the Standard Oil Company (Indiana) has done.

The great service institution which you know as the Standard Oil Company (Indiana) is able, by reason of such capital, properly directed, to bring the products of petroleum to you, thus enabling you and millions of others to enjoy the freedom of rapid, flexible individual transportation.

PAIR HELD HERE FOR ILLINOIS MAIL HOLDUP

Edward Leonard and Bartley Martin Accused of \$4000 Robbery at Pocahtas.

Federal warrants charging participation in the \$4000 mail robbery at Pocahtas, Ill., June 14, 1923, were issued against Edward (Cocky) Leonard, 25 years old, and Bartley Martin, 22, St. Louis police characters, today, shortly after their arrest by city detectives and Postoffice inspectors.

Bond for each man was fixed at \$50,000 and in default of surety they were placed in the city jail. Inasmuch as they refused to go voluntarily to Illinois for trial, a hearing on their removal will be held Feb. 14. They were also questioned in connection with the \$15,000 mail robbery at Collinsville last Thursday.

On what information the post-office inspectors based the warrants has not been divulged. The Pocahtas robbery has always been classed as an "Egan job," and originally Ray Renard and two other Egan gangsters were indicted for the crime. The two co-defendants are now dead and Renard, whose testimony recently sent eight of his colleagues to Leavenworth penitentiary, is in Atlanta prison.

While Martin and Leonard are not classed as Egan gangsters, the arrests were made by Detective Lieut. Kaiser and Postoffice inspectors Utley, Keefe and Hitchcock, all of whom have been working on the cases which led to the conviction of the Egan men. The Pocahtas robbery was the one which occurred on the day that Lee Turner, the aviator of the Egan gang, wrecked his plane in a field near there.

SAYS INTRUDER STRUCK HER WHEN SHE PICKED UP PHONE

Deputy Sheriff, Tracing Call, Finds Woman Unconscious In Home.

An operator at Wabash exchange "plugged in" last night in answer to a call from a residence phone. In response to her "Number, please," there was a cry of "Police," a woman's voice—and the ear-splitting clatter of a falling telephone instrument.

The call was traced to the home of Mrs. Claude Soto, 62 years old, at Vinita Park, in St. Louis County. Deputy Sheriff, Kick arrived there in an automobile 15 minutes later at 8:15 p. m. Forcing open a door, he found Mrs. Soto unconscious on the floor still clutching the telephone.

When Mrs. Soto was revived, she explained that she had picked up the instrument to call a friend when she realized a man was standing behind her. She screamed "Police," she said, and was struck on the head with a blunt instrument. No trace of the intruder was found and nothing was missing from the house.

ST. LOUISAN SEEKS COURT ORDERS TO HEAD UNION

John B. Haggerty Claims He Was Elected President of International Brotherhood of Bookbinders.

By the Associated Press. WASHINGTON, Feb. 2.—John B. Haggerty of St. Louis, Mo., today asked the District of Columbia Supreme Court to aid him in asserting his claim that he is the duly elected president of the International Brotherhood of Bookbinders.

He asked that the board of electors be compelled to throw out the votes of local No. 25 of New York, which he claims were cast illegally, and to rescind their former decision declaring Walter N. Reddick, elected president.

Justice Stafford ordered the board to show cause Feb. 13 why a writ of mandamus should not be issued.

JURIES DISAGREE ON BANKER

Were Trying Ex-Head of Defunct Fudico Bank on Separate Charges. Special to the Post-Dispatch.

KENNETT, Mo., Feb. 2.—D. F. Walser, former president of the defunct Bank of Fudico, was tried here before Judge Kelley of Cape Girardeau on two of the indictments growing out of the failure of his bank and disagreements resulted in both cases. Four days were consumed by the first trial which was on a charge of receiving deposits after he knew the bank to be insolvent. The second trial was on a charge of embezzling Liberty bonds deposited with the bank and ended Saturday. The jury in this case stood 10 for conviction and two for acquittal. The first jury stood six to six.

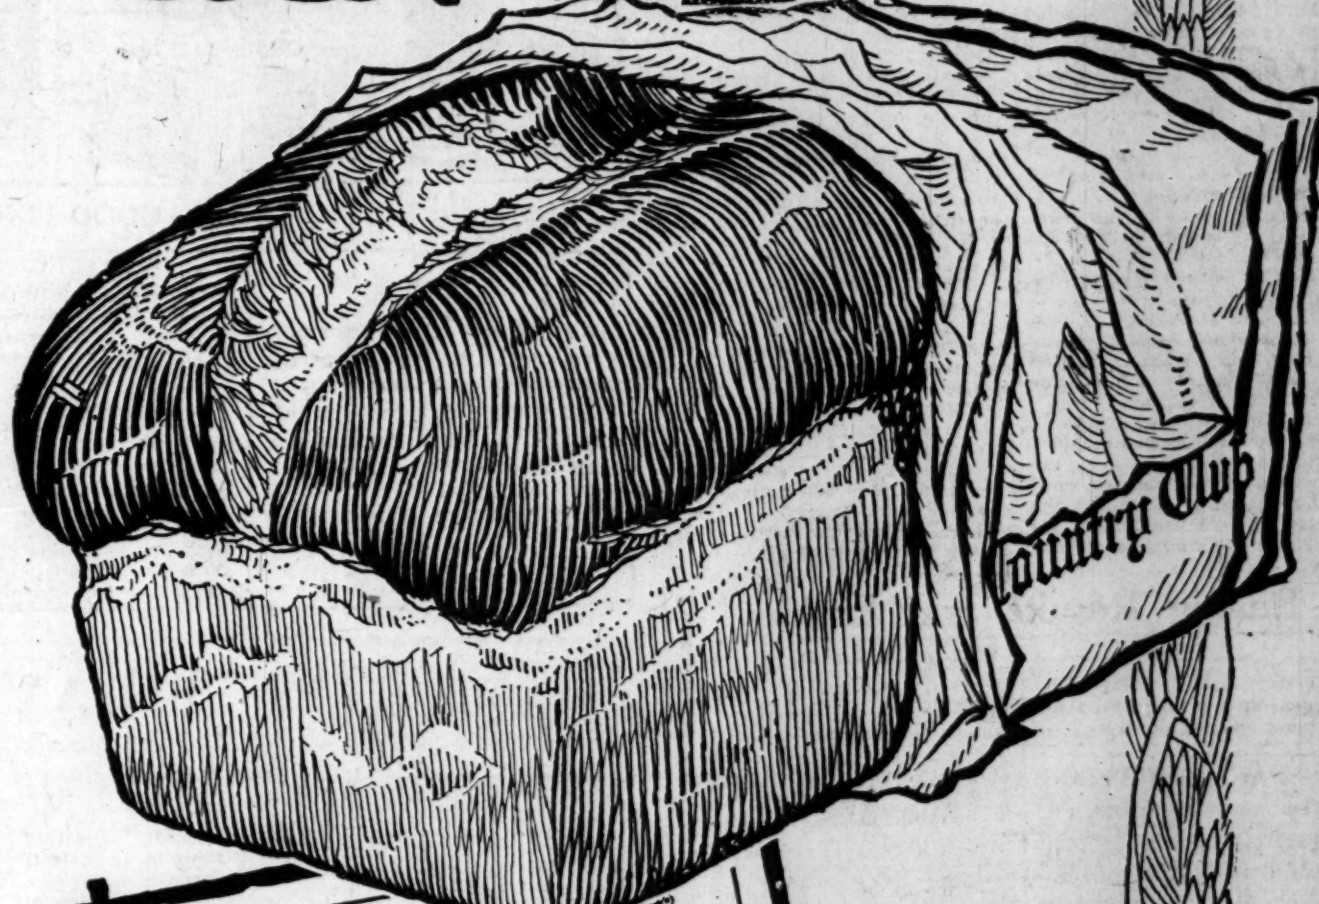

There are nine other indictments against Walser in connection with the bank failure, some of them jointly against him and his son, J. Carroll Walser, former cashier of the bank. These cases were continued to the June term of Circuit Court.

HERRIOT STAKES FUTURE ON VATICAN EMBASSY ISSUE

By the Associated Press. PARIS, Feb. 2.—Premier Herriot announced in the Chamber of Deputies this afternoon that the question of the suppression of the French Embassy to the Vatican must be settled before today's session adjourned, even should the Chamber have to sit all night, and he asked the speakers to curtail their remarks.

He would stake the question of confidence on this proposition, he declared.

TOM GIBBONS SIGNS TO MEET DEMPSEY FOR HEAVYWEIGHT TITLE

Rickard Announces Bout Will Be Held About June 1; Winner to Box Harry Wills

Kearns, After Hearing of Statement Given Out by Rickard, Asserts That Both Wills and Gibbons Will Have a Chance at Crown This Summer.

By the Associated Press.
NEW YORK, Feb. 2.—Tom Gibbons, St. Paul heavyweight, today came to definite terms with Tex Rickard for a title match with Jack Dempsey about June 1, either in New York or Jersey City, with an understanding that the winner will oppose Harry Wills, negro contender, in September.

Rickard declared he regarded Gibbons as a logical contender for Dempsey's crown. He did not reveal details of the agreement reached but it was understood that the St. Paul fighter was guaranteed not less than \$100,000 for a return go with the champion.

Wills already has an agreement with Rickard covering the proposed program by which the negro would battle Dempsey or Gibbons in September.

Gibbons expressed a preference for fighting Dempsey in New York, where an official decision is possible, but Rickard refused to say whether he would make use of the Yankee Stadium here or his Jersey City arena, Boyle's Thirty Acres.

Rickard professed a conviction that Dempsey had decided definitely to fight once or twice more before retiring. According to word from Los Angeles Saturday the champion himself had altered his plan to quit the ring and decided to fight Gibbons or any other challenger.

WRAY'S COLUMN

His Last Fight.

It appears today that World's Champion Jack Dempsey will make the pitcher to the well once more—and it may prove the inevitable one too often.

A dispatch from Jack Kearns, at Los Angeles, contains this sentence: "If make the unqualified statement that, married or single, Dempsey will defend his title during 1925, if challengers are still to be found."

That is plain as it can be made, and seems to rest at rest any fears that Dempsey might quit without giving this generation one more look at perhaps the most colorful fighter in history.

Pikers Play Tigers Tonight

Washington U. Basketball Team Must Defeat Missouri to Stay in Title Race.

The Washington University basketball team, which is tied with Nebraska for second place in the Missouri Valley Conference race, will play the Missouri Tigers at Columbia, Mo., tonight.

If the Pikers win from Missouri and vanquish Ames here Friday, as they should, the Washington players will be in fine condition to give Kansas a hot reception when the Jayhawks call next week. Washington must turn back Kansas on the home court, to stay in the race.

Vespers Go Into Tie for Lead in Soccer League by Defeating Scullins, 4 to 1

Slippery Condition of Field Puts Premium on Brute Strength and Takes Away Usual Advantage of Skillful Soccer Player—First Place at Stake Next Sunday.

By Dent McKimming.

Two long, high shots, both started from outside the penalty line, enabled the Ratican club to defeat the Ben Millers, 2 to 1, in a fast and rough soccer game at St. Louis University field yesterday afternoon. The defeat pulled the Millers down into a tie with the Vespers for first place in the professional league race.

Brute strength was at a premium yesterday because of the sticky condition of the muddy field. The Scullins were outclassed by the Vespers in the first game of the double-header, 4 goals to 1. Because of the condition of the field, there was constant breaking of the rules in the matter of using hands on an opposing player. Much of this "hacking" and clinging was undesirable but as the men grew weary and feet became heavier there was little inclination to keep hands where they belonged.

Little Good Football.
In the first game, Fullback Scott of the Vespers and Halfback Schurman of the Scullins both dived, but first, after a loose ball, Schurman came up with the ball but he had been kicked on the knee in the scuffle. A foul was called against Scott and from that point on the game was an "every man for himself" battle. Of good football there was little.

Late in the second game, rough play led to the election of one player from the game and the calling of many fouls, one of them a penalty against the Ben Millers. Schurman was put off the field for addressing ill-advised remarks to the referee. The air seemed surcharged with the spirit of combat and every goal in both games was strenuously contested.

Fitzgerald scored a characteristic Ben Miller goal after two minutes of play in the second game. The ball was taken straight through the center of the Ratican defense by the inside trio, Bollam, Dunn and Fitzgerald. The first shot was blocked, but Mulroy obtained possession at the goal line.

In the first game, Eddie Burke was hurt and was replaced. **Two Goals Not Allowed.** Two illegal goals were scored in the Ratican-Miller game. After some good work by J. Diaz and Schemel, culminating in a cross to the goal mouth, Brannon shoved the ball into the Miller goal with his hand. He was detected in the act, and a foul was called by Referee Ryan. Later, the Millers scored, but an offside was ruled by the referee.

Oellerman boosted a hard shot by J. Dunn over the bar. In coming out of his goal several times, Oellerman amused the spectators with his droll antics, but placed his team's chances in jeopardy. Once, on a goal kick, he tossed the ball up and punched it away instead of kicking it. It was very bad football.

The penalty kick awarded the Raticans was wasted when Brannon kicked to Barnett's arms. The ball was so heavy that placing it

Ebenreck Turns In High Single Count in National Tourney on Rogers Alleys.

Joe Ebenreck, a member of the Laclede Council No. 39 team, rolling in the National Knights of Columbus tournament on the Rogers alleys yesterday turned in a high single game of 299. He had 11 straight strikes and on his final effort one pin stood, thus depriving him of a perfect game. In spite of Ebenreck's big game, his team totaled but 2121, counting but 787 in the game in which he had his high.

As the K. of C. tournament is sanctioned by the American Bowling Congress, Ebenreck will receive a silver medal for his effort.

The high team total in yesterday's bowling was turned in by the Marquette team with 2740, which include games of 869, 943 and 928. Alton No. 1 had 2426, Meramec 2514, Rosati Council No. 1, 2346, Laclede No. 42, 2436; Laclede No. 6, 2560, and Laclede St. Agatha 2550.

Teams from Terre Haute, Ind., Morrisville, Ill.; Paris, Ill., and Gillespie, Ill., will bowl on the next squad, scheduled to compete Saturday night.

In the corner of the goal was quite difficult.

Raticans' First Victory. In spite of the fact that Mulroy obviously could not get the ball to center on corner kicks, he was permitted to take all but two of the kicks from the corner flag. The victory over the Millers was the first of the season for the Ratican club.

Next Sunday the Vespers and Millers will meet in the battle for the leadership. In view of the fact that the league champion this season will meet the American League cup winner in a national title series, first place in the local race has become a highly important position.

How Paavo Nurmi Formed Habit Of Running Races With a Watch

Youngsters of His Age Were Unable to Give Him Any Competition and Athletic Authorities of Little Baltic Town Would Not Permit Him to Run With Seniors.

This is the second of a series of articles on the remarkable athletic career of Paavo Nurmi, the marvel of Finland. At ten years of age he ran 1500 meters in 5 minutes and 2 seconds, and now is breaking world's records every time he faces the starter. He is generally recognized as the greatest runner of all time. The articles are by Charles B. Parker of the New York World sport staff, to whom Nurmi told the story of his athletic career.

By Charles B. Parker.

CHAPTER II.
The Lad Who Ran With a Watch.
PAAVO NURMI, the 10-year-old grammar school youngster who covered the 1500-meter course on the Abo Urheilutito track in five minutes and two seconds, became the talk of that Baltic coast town when his exploit was learned.

Serious contenders for places on the Finnish Olympic team of 1928 had barely started. Paavo, for the distance, while many who considered themselves real Olympic possibilities could not match the figures.

As he knew the Nurmis, Paavo's father, a cabinetmaker, was one of the substantial citizens of the town, and besides Paavo there were three other children in the family—two girls, one older and the other younger than Paavo, and little Martti, the baby of the lot. Abolans, however, were at loss to learn where the older boy gained his fleetness of foot. The father, possibly because of lack of opportunity or incentive, never had disclosed interest or skill in any line of sport, nor could athletic excellence be traced further back in the Nurmi line. As fisherman and farmer, the Nurmis were a sturdy race, but strength of arm rather than speed of limb had been their outstanding physical quality.

Family of Vegetarians. Some attributed Paavo's feat as a 10-year-old to strict adherence to a vegetable diet, for the Nurmi family were vegetarians, and it was not until his eighteenth birthday that Paavo learned the taste and developed his liking for meats.

Paavo himself was too young to attempt to account for it. The amazement he had seen on the faces of the timers as he finished his first assault upon a foot-racing record told him he had accomplished a remarkable thing. He made up his mind then and there to become the greatest runner in the world.

Paavo received little outside encouragement during the next six years. Officials of the Abo Urheilutito advised him against attempting to follow the strenuous training and competing stunts of the senior athletes until he had attained full strength and speed. They would not consider his petitions to enter the weekly meets.

Boys of Paavo's size and age had realized the futility of attempting to match strides with their fellow townsmen, who loved to run and believed he had an athletic mission to fulfill, was forced to content himself with daily scampers along the Abo thoroughfares or over the fields and hills.

Watch Was His Opponent. It was in those early years that he developed the custom of carrying a watch—a cheap little timepiece in those days—while he ran. Paavo's opponent was the minute hand and there was the real thrill of victory when he reached a given point a fraction earlier than the time he had set for the mark.

In the meantime, two Olympic medals had come and gone. There was the 1905 meet in London, which caught the Finns not quite fully prepared for strenuous international competition and turned away without a single first place trophy. Then had followed the 1912 games at Stockholm, in which Paavo's countrymen, led by Kalevalainen, Saaristo and Tapale, scored first places in six of the events, second and third places in others, and definitely brought their little nation—Finland has less population than the city of New York—to the position of serious contenders for Olympic top honors.

That latter accomplishment stirred anew Paavo's ambition. But in these years he was not allowed to neglect an occupation which would serve him when his athletic days were done. He continued in the Abo grammar school until he was graduated at the age of 15 and then served as sort of an apprentice with an engineering concern until he was 18.

Paavo Wins a Scholarship. That, it seems, is a custom in Finland. The boy upon completing his elementary school course decides, or is told by his parents, what trade or business to learn, and serves three years as an apprentice. Then his school and working records are submitted to a Government official and the boy who shows the best record is sent to a college which specializes in the work he has followed.

Paavo picked draftsmanship, was awarded a three-year scholarship in the Abo Technical Institute, and was graduated a full-fledged mechanical draftsman and engineer at 21.

It was the year before he entered the institute that Paavo engaged in his first championship race—the 3000-meter run in the Finnish junior national championships at Helsinki, in 1914.

Earlier in that year the Abo Athletic Association—the Urheilutito—had admitted him to membership. His officials believed he had attained the development nec-

Blouin Averages 221 for 80 Games, Beating Scribner

World's Champion Gets 300-Count in Special Match—Totals 3156 for Last 13.

Special to the Post-Dispatch.

CHICAGO, Feb. 2.—Jimmy Blouin, the Blue Island crack, retained his title as world's bowling champion by defeating Joe Scribner of Detroit in an 80-game total pins to count home and home match completed on the Bensinger-Randolph alleys here yesterday. 17,703 to 16,584, a difference of 1119 pins. Blouin had an average of 221 23-80 for the match, while Scribner's figure was 207 24-80.

The world's title holder shot sensational tempis for the final half of the match bowled here, totalling 9296 for an average of 232 16-40. Against this kind of rolling, Scribner, who averaged 217 23-40 had no chance.

Blouin started the local series with a 266 and came back with 202. He followed this with 300, the only perfect game of the series, and then came back with 257, 263 and 233, giving him 1526, or 254 2-6 a game, for the first six rolled. In the 40 rolled on the local drives, the world's champion was under the 200 figure on but six occasions.

The most sensational bowling of the entire match came in the final 10 games, when Blouin totalled 2412 pins, an average of 241 2-10. This coupled with games of 248, 279 and 218 to finish the third block gave him 3156 pins or an average of 242 10-13 for the final 13 contests rolled.

Scribner had 28 games over the 200 mark, with a 286 as high. In

Taberski in Second Place.

Special to the Post-Dispatch.

NEW YORK, Feb. 2.—Frank Taberski, New York, made a decided gain upon Ralph Greenleaf, Philadelphia, in the national championship pocket billiard standing in the week just past and today jumped to 24 games behind the champion. According to the official standing, Greenleaf has won 38 games and lost 18. Taberski, 21 games with 18 lost. Natalie of Baltimore is in third place.

Illinois Central System Shows That the Public Owns the Railroads

One reason why American railroads are well established in the confidence of the public today is that they have rendered wonderfully efficient service in recent periods of record traffic. Another reason is that the public is becoming more conscious of the wide extent to which railway securities are distributed among the people. Nearly every citizen is either directly or indirectly a holder of railway securities. Therefore, anything that affects the railroads affects the whole economic structure of the country.

The Illinois Central System, for example, started 1925 with nearly 22,000 stockholders, an increase of more than 100 per cent in the last nine years. At the beginning of 1924 our American railroads as a whole had more than 800,000 stockholders, an increase of more than 30,000 during the preceding year. The number of individual bondholders undoubtedly runs even greater, since bonded indebtedness in 1923 was nearly 57 per cent of the total outstanding capitalization of our railroads. On a comparative basis, this would make the total number of individual bondholders slightly more than one million.

The number of individual holdings of stocks and bonds of our railroads is therefore about 1,800,000, which is approximately equal to the number of employees.

These 1,800,000 holdings of railway securities, moreover, are merely the direct holdings. Indirectly railway securities represent the interest of many millions of persons. Insurance companies and savings banks are among the largest holders of railway securities. More than \$2,000,000,000 of the funded debt of the railroads is owned by life insurance companies alone. More than \$1 out of every \$5 invested as a reserve behind each of the fifty million life insurance policies in force in this country is invested in railway bonds.

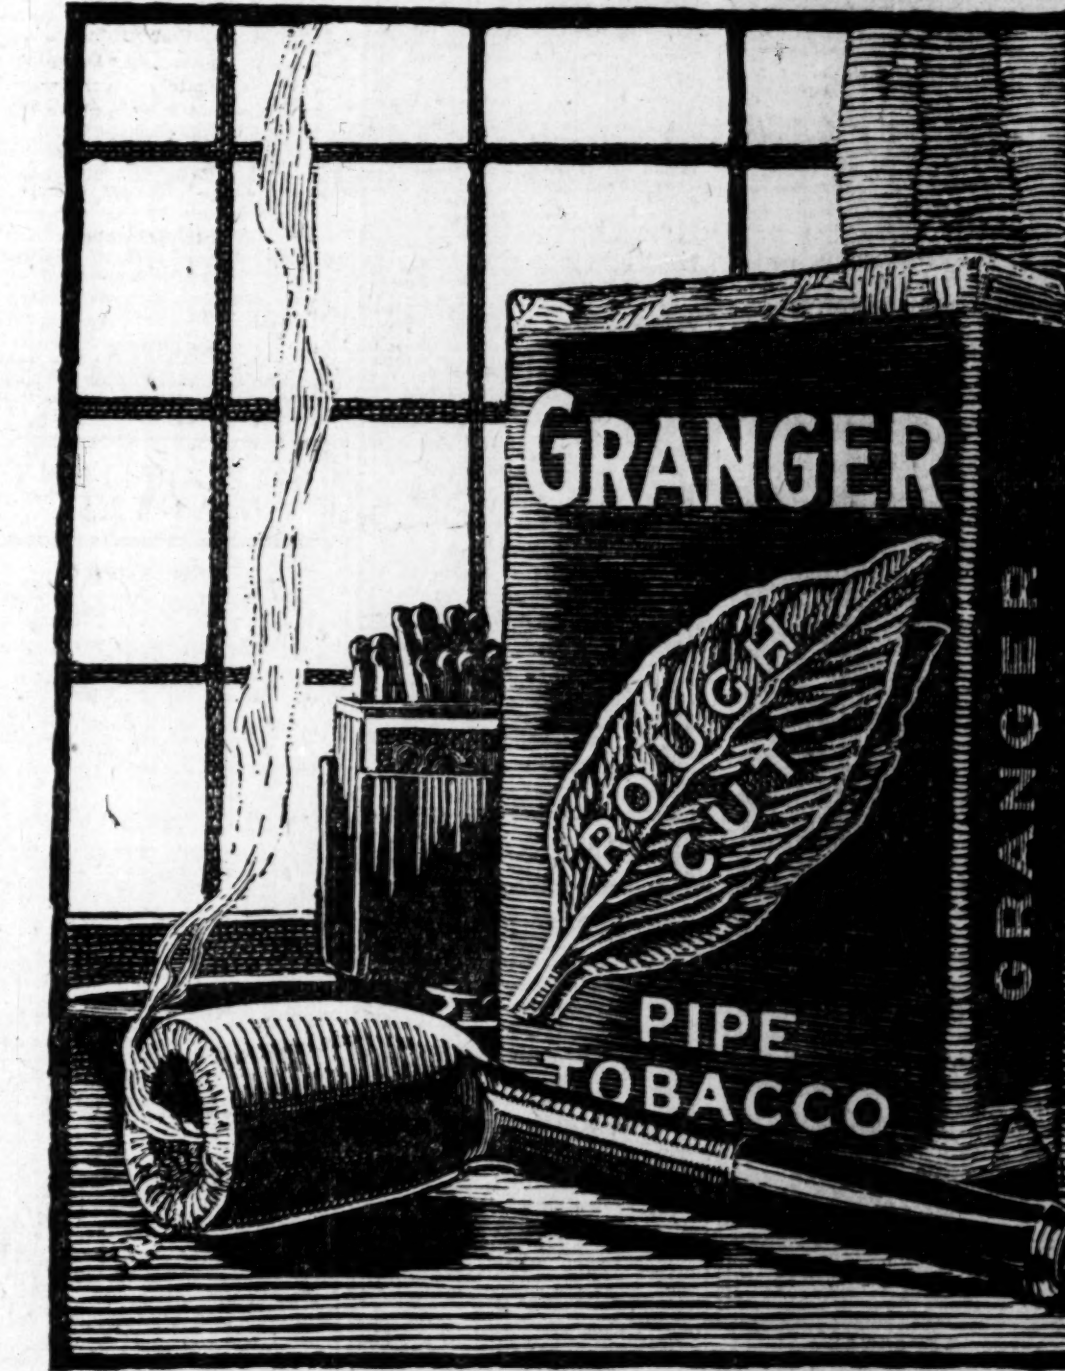

The thirty-nine million savings bank depositors in the United States likewise have their deposits guaranteed in part by railway securities.

When all of these indirect holders of railway securities are considered in connection with the direct holders, it can be seen that most of the people of this country have—and they are coming to realize it—an ownership interest in the success or failure of our railroads.

It has been well and truly said that it is "Main Street" and not "Wall Street" that owns the railroads today. By constantly widening the circle of patron and employee holders of railway securities, our citizens are fast establishing an ownership of our railroads that is public ownership in its truest and most beneficial sense.

In no respect does the Illinois Central System claim perfection for itself. In the matter of service to the public, however, it does claim to be the equal of any railroad in this country. Our ambition is to continue to increase the efficiency of our service to the public until it has become as nearly perfect as railway service can be. That is the task which we have set for ourselves. We ask the co-operation of our friends and patrons in its accomplishment.

Constructive criticism and suggestions are invited.
C. H. MARKHAM,
President, Illinois Central System.

ANSWERS TO QUERIES

The Post-Dispatch reserves the right to reject any query. Personal and telephone calls, or answers by mail, cannot be given attention, except letters on medical questions of undoubted sincerity, when accompanied by stamped addressed envelope.

WORLDWIDE—Constitution a reliable cleaner regarding the dress.

BILLIE BOY—Advertise and watch the advertisements in the daily papers regarding the purchase of property on the Meramec for the clubhouse.

SUBSCRIBER—The article to which you refer was published in the Post-Dispatch of Aug. 4, 1924. We are unable to voice our opinion regarding the inventor in question.

W. A. R.—The word "Incomunicado" is a Spanish word, and it means uncommunicative. It is the condition of a prisoner being held by order of court, from holding communication with one during the period of confinement, or under military law.

ANXIOUS—Ecru lace can be kept to their original color by using yellow ochre, or obtainable at any paint store. It is perfectly harmless to lace or muslin. Mix the color with water and add to the boiling water, and add to the color with water of the curtains, intended for one room or more.

LEGAL INFORMATION.
(By a Member of the St. Louis Bar Association.)

A. C. D.—If the furnace is put in the basement, it will not make it exempt in case they get a judgment against you. However, if you have a mortgage on the property for the injury to your pants, under the circumstances as stated.

CUPOLA—You could hold the property for the injury to your pants, under the circumstances as stated.

A DAILY READER—You are not living with your husband, and consequently you can marry someone else without getting a divorce first.

MINNIE S.—No particular form is necessary for a notice to vacate. However, you can buy a form from the St. Louis Real Estate Printing & Publishing Co.

I. E. J.—Unless a woman is taken or goes from one State to another, or unless there is an attempt or a conspiracy to do so, there is no violation of the Mann Act.

MEDICAL QUESTIONS.
Medical and sanitation questions of public interest will only be considered. Diagnoses or treatment of individual cases will not be given.

DORIS—A girl 15 years old, 5 feet 11 inches tall, should weigh 110 pounds.

K. E.—Medical colleges do not have degrees in medicine for dissection.

P. D. READER—A girl 21 years old, 5 feet 11 inches tall, should weigh 124 pounds; one 24 years old, 5 feet 11 inches tall, should weigh 120 pounds.

MRS. U. R. N.—The condition as stated is not indicative of gonorrhea. It is convenient in an isolated place now on the market.

O. L. T.—Thanks (1) Tall thin people are not generally afflicted with gonorrhea. (2) Gonorrhea, which we have had no experience with it, is caused by a virus, and is not a disease of the blood.

SALLY—We have never heard of such a condition as you relate. If your statement is true, it is a new drop to the medical world, and any physician in town would drop to the medical world, and any physician in town would drop to the medical world.

Great Neck
Season

Anonymous Cow

Dear Editor:

It is a long while since I give you any local items in regards to Great Neck and other suburbs. Well they ain't much of anything happened only that the yuletide season is long since past and all the presents we give the kiddies is long since either broke to pieces or they have forgot all about them except the one present which we kind of hoped would be broke to pieces or forgot about namely the radio. The last radio we had was a kind of a nightmare as it did not work only about once out of every 10 times. This one works perfect all the time and it is hard to tell which is the worst nightmare.

Gene Buck and family is safely sheltered in their new home, which is a little corner across the St. from where they use to live. Their former residence was what you might term a stable house but compared with this one why the old domicile looks like a hovel. From one end of the living rm. to the other in the new place is a toll call and if a guest setting at the far end of the rm. wants a ginger ale or something the ice melts before the butler can get it there even riding on a motor cycle. In wet or cold weather Gene can get his exercise without going to the golf club by just walking 18 times back and 4th across the dining rm. and back which one of the 2 kiddies has been added to same in the last 3 yrs. If the Bucks ever ties the undersigned in the matter of offsprings you can look for Gene to move into the Tale Bowl.

During a recent cold spell Dick Dorgan the comical artist that lives over in Bayside made up his mind to drive to N. Y. but discovered his car was broke so he called up the garage to come over and fix it and they come over and got it started and pored alcohol in the radiator and the alcohol was too strong for the rubber hose and after the garage boys had left, the hose bursted and some of the alcohol splashed vs. a hot spark plug or something and any way when Dick happened to look out the window of his home the old bus was blazing up like a Pittsburgh blast furnace so Dick run down the cellar and got a piece of garden hose and attached it to a spigot outside the house only to find out that the pipes was froze. The next door neighbor rushed to the rescue with one of these here patent fire extinguishers but from the size stream that come out of it you would of thought it was a eye dropper. It had about as much effect as prohibition and everybody was at a lost what to do next when there was a big commotion, and the new paid fire dept. appeared on the scene. They had the blaze under control in time to save a pair pliers and a couple hub caps and Dick says they looked so handsome in their new uniforms that he was more than repaid for the damage done to his car and it is said that

many Bayside families is planning to entertain out of town guests hereafter by setting fire to their homes so as the guests can get a close up of the new dept.

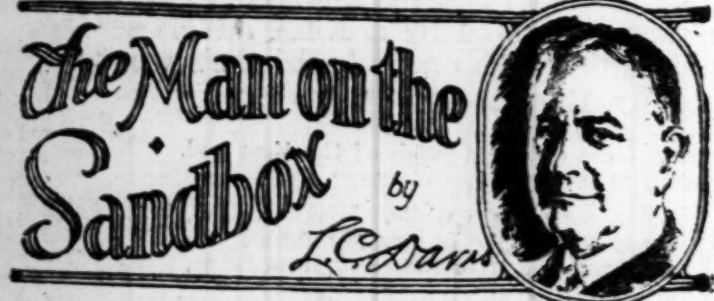

Fatalities Up the River.
Personally Mr. Dorgan admits he was so overcome by the sight that when the chief said him whose car it was, who turned in the alarm, how the car happened to catch fire and what number the house was, he replied I don't know all 4 questions and the chief was overheard remarking to his assistant that it certainly was an education to meet a cartoonist.

A couple weeks ago they was a stray cow come onto our estate and it was pretty near night and Great Neck ain't no place for a young cow to hang around nights without a chaperone, so we coaxed her into our combination cow shed and garage and milked her for all she had which was 2 six. and give her a night's lodging and the next A. M. told the constable about it and pretty soon the owner come to claim the cow and he acted mad at us and did not even say thank you and I guess we was lucky he did not charge us \$44 for the milk but anyways the next cow that runs away from home seeking the thrills of Great Neck night life can wind up in the gutter as far as we are concerned.

Visitors from suburbs along the Hudson in Westchester County expressed their amazement on acct. of us not locking our doors nights as they say they's been a good many burglaries up their way and in fact the burglar score had cost 5 or 6 lives in the last month and when ast in regards to the details, they said, that pretty near everybody in the county was a deputy sheriff and carried a gun and whenever they seen anybody out doors after dark they took a shot at them in the hopes that it might be a burglar. So far they ain't been a case where these hopes has been realized but if they keep on shooting long enough the luck may change.

Great Neckers is complaining that it ain't 1/2 as much fun to visit Sam's barber shop as it used to be. Now days the shop is always cluttered up with women folks getting their hair re-bobbed or something and a man only don't feel like cussing or telling risky stories but you can't even exproctate without feeling kind of less majestic.

THE WOODCHUCK.
TODAY'S the day the groundhog sneaks from out his hole and sunshine seeks. Forecasting weather for six weeks. According to tradition. While some few skeptics don't believe And say his aim is to deceive, The woodchuck chuckles in his sleeve, Secure in his position.

A wiley weather prophet, he, Who, six weeks in advance can see, No matter whether it may be, By instinct or by reason. If it should prove a cloudy day, Outside his domicile he'll stay, While baseball players, plans will lay, To have a banner season. But, if he sees his shadow fall Upon the landscape like a pall, Again into his hole he'll crawl To dream of fields of clover. More power to the wooden chuck, We're strong for him and wish him luck. If, back again he doesn't duck, The winter will be over.

THE TAINT.
It is reported that one of the dogs participating in the field trials at Grand Junction, Tenn., has been charged with professionalism on account of accepting a couple of bones after winning a contest.

"Sauerkraut Called Fountain of Youth."
And a few years ago they were calling it "liberty cabbage."

A noted food expert says that sauerkraut contains 0.72 per cent alcohol. But who wants to eat a barrel of sauerkraut to get pickled?

The man on the sandbox says that most of the bank looters are considerate enough to leave something for the lawyers.

"45 Couples Wed But Fail to Make Returns."
Probably waiting to see whether it "takes" or not.

Mr. Nolte has decided to remain in the job of watch-dog of the Treasury. So, it really won't make much difference who is elected Mayor.

Mr. Nolte has always been opposed to the practice of nicking Peter for the dough to reimburse Paul.

PRELIMINARY INTO JUDGE COURT IS A

HOUSE JUDICIARY COMMITTEE ACTS ON HAWES' PLEA

Subcommittee to Examine
Sworn Charges and De-
termine if Investigation
Shall Proceed Further.

POST-DISPATCH MAN ALSO HEARD

Paul Y. Anderson Gives
Names of 60 Available as
Witnesses and Synopsis
of Testimony.

By RAYMOND F. BRANDT.
A Washington Correspondent of
the Post-Dispatch.
WASHINGTON, Feb. 2.—The
House Judiciary Committee today
ordered a preliminary inquiry into
complaints against Federal Judge
George W. English of East St.
Louis to determine if an exhaustive
investigation of the Judge's official
conduct should be undertaken at
this session of Congress.

A subcommittee was designated
to conduct the preliminary inquiry.
It will examine sworn charges filed
against Judge English by four mem-
bers of East St. Louis, which are
now before the Judiciary commit-
tee. It probably also will call
Representative Harry B. Hawes of
St. Louis, author of a resolution
calling for an investigation, and
Paul Y. Anderson, a staff corre-
spondent of the Post-Dispatch.
The decision to order the inquiry
followed the appearance of Repre-
sentative Hawes and Anderson be-
fore the committee, the former to
urge action and the latter to sup-
ply information.

The names of more than 60 per-
sons who will be available as wit-
nesses in the event the committee
decides upon a thorough investi-
gation, and a synopsis of what each
may be expected to testify was fur-
nished to the committee by Ander-
son. This information was the re-
sult of extensive investigations
carried out in Judge English's dis-
trict by members of the Post-
Dispatch staff.

Probable Later Proceedings.
If the subcommittee decides that
a complete airing is required, the
Judiciary Committee will ask the
House for authority to make it.
In that event, Chairman Graham
said today, a request also will be
made for authority to act as a
commission during the recess, fol-
lowing adjournment March 3, so
that the investigating committee
can continue its work without in-
terruption.

Whether or not the investigation
will be undertaken now depends
almost entirely upon the action of
the subcommittee, to which the
preliminary inquiry was delegated.
The chairman is Representative
Graham of Iowa, and the remaining
members are Christopher Smith
of New York, Charles McNary of
Oregon, and Charles McNary of
Oregon.

It had been expected that the
preliminary inquiry would be re-
ferred to the standing subcommit-
tee headed by Representative Eyer
of St. Louis, but Chairman Graham
explained that he had avoided
doing so, because the Dyer sub-
committee already has such an in-
vestigation on its hands, in the case
of Federal Judge Baker of West
Virginia.

Roles Also Very Busy.
Representative Boies, however,
said at the meeting that he was
very much engaged with another
country, and might ask Chairman
Graham to transfer the English
case to Dyer's subcommittee.

It is possible that whatever sub-
committee eventually makes the
inquiry it will be ready to report
at the next meeting of the whole
committee on Feb. 11.
Reiterating the arguments which
were presented to the Rules Com-
mittee a week ago, Hawes declared
the situation in Judge English's
court to be so grave that only a
thorough sifting of all the facts
could be considered a verdict by the
House.
